F2i PRESENTED TO ACRI

Rome, 21 February 2007. Salvatore Rebecchini and Vito Gamberale, respectively the Chairman and Managing Director of the SGR (*Società di Gestione del Risparmio*: Savings Management Company) that manages F2i, the Fondo Italiano per le Infrastrutture (Italian Infrastructure Fund), today presented the Fund to ACRI before approximately 50 people,

Gamberale explained that the minimum amount stated in the prospectus for taking up shares in the Fund will be 10 million euros, but this amount be subscribed collectively by a number of Foundations, provided they are combined in a special purpose vehicle.

The life of the Fund is set at 15 years, and after the first 5/6 years, termed the “investment period”, the possibility of listing the Fund will be considered.

The presentation was followed with great attention and interest by all in attendance.
